## Alberta Municipal Taxation Professionals Association

---

### MESSAGE FROM THE BOARD

Your elves have been busy behind the scenes the last few months. An educational webinar series has been developed and you can look forward to sessions coming up on January 26, March 23 and May 25, all leading up to our 2022 Conference in September. The website is being developed and is on target for launch in February. We are also developing a new brand that will better fit our organization so watch the upcoming newsletters for the reveal. Our conference committee has held its organizational meeting and you will have received the survey asking about preferred location. We want to have our members involved in decision making where possible so please take the time to help us out. This is your Association and to support our members and what you need, your input is appreciated. We thank you for your input, your support, your kindness and your eagerness over this last year as we develop this Association to meet the needs of our Alberta Taxation Professionals!

#### Vision Statement:

We will provide a platform to share knowledge, expertise and ideas; provide high quality educational opportunities and develop a certificate program for Alberta municipal tax professionals.

May the festive season bring you  
opportunities and success in life! Merry  
Christmas!
